

NIGEL LIN

+65 9007 9311 · nigel.lin@rocketmail.com · Singapore · linkedin.com/in/nigellin · halfspaces.co

I build and run research functions; 13 years in Singapore covering South-East Asian markets, most recently as Head of Data & Strategic Solutions at Milieu Insight.

As a leader, I stay close to the work: setting standards, unblocking decisions, caring personally, and challenging directly. As a colleague, I'd describe myself as committed, curious, and supportive.

Outside work, I'm a social footballer and aspiring triathlete; I also experiment with AI workflows at halfspaces.co

EXPERIENCE

Head of Data & Strategic Solutions | Milieu Insight

2026 – Present

Cross-functional role bridging research, commercial, product, and engineering to bring new product lines to market.

- Designed pricing architecture and go-to-market strategy for multiple product lines (consumer profiling, syndicated reports, templated studies, platform subscriptions)
- Moved bespoke research work toward repeatable, scalable offerings by defining commercial packaging and delivery models
- Turned proprietary consumer profiling data into standalone syndicated reports, creating a new sellable revenue line from an existing research asset

Head of Research, APAC | Milieu Insight

2021 – 2025

Led a department of 20+ employees across SEA. Responsible for delivery, standards, methodology, and development.

- Led regional quantitative work across trackers, segmentation, brand health, and audience studies for clients including Netflix, PMI, Diageo, NTUC, Google, BCA, and Grab
- Grew research revenue year-on-year across full tenure; wrote the research playbook and quality standards the team still operates on
- Built Customer Success and Research Operations as new functions within the department during regional expansion

Associate Director, Data Services | YouGov

2014 – 2021

Built the Singapore research function from the ground up; promoted four times across seven years to Associate Director (2019)

- Owned the RealTime Omnibus and YouGov Direct business lines in APAC, covering commercial targets, client relationships, and operational delivery
- Grew Data Services revenue 57% in year one; double promotion in 2019
- Built YouGov's research operations across SEA during its regional expansion, managing cross-market delivery, local vendors, and distributed teams

Market Research Executive | Acorn Marketing & Research Consultancy

2013 – 2014

Hands-on qualitative and quantitative research: designed and moderated focus groups and IDIs for consumer and B2B clients.

Junior Social Media Strategist | MediaCom

2011 – 2012

CREDENTIALS

EDUCATION: Bachelor of Arts, Communications & New Media, National University of Singapore (2008 – 2011)

LANGUAGES: English (native) · Mandarin (conversational)
